

Die Arbeitsblätter

Zahlenraum bis 3

Hat ein Kind mit Hilfe des Materials den inhaltlichen Zugang zu den Rechenschritten gefunden, ist der Zeitpunkt erreicht, Arbeitsblätter zur Verfügung zu stellen. Diese kann es mit Begleitung oder allein bearbeiten. Auch hier haben wir ein Paket geschnürt, um Ihnen die Arbeit zu erleichtern.

Abgestimmt auf die Möglichkeiten des Kindes können Sie zwischen Arbeitsblättern im **Zahlenraum bis 4** mit je sechs Viererfeldern in aufgelockerter Darstellung oder im **Zahlenraum bis 3** mit je vier Viererfeldern in gerader Darstellung wählen.

In beiden Sammlungen finden Sie ein Arbeitsblatt zur Gestaltung, in das Sie eigene Aufgabenstellungen direkt am Rechner eintragen können. Des Weiteren finden Sie fertig gestaltete Blätter zu den Themenbereichen **Mengen**, **Additions-** und **Subtraktionsaufgaben**. Bei den Mengen geht es um verschiedene Darstellungsweisen, bei den Additions- und Subtraktionsaufgaben zusätzlich um die Lösung der Aufgaben. Alle Schritte werden in drei Stufen (I - III) erarbeitet und für jede Stufe stehen drei verschiedene Arbeitsblätter zur Verfügung (a-c).

Im Kopfbereich der Arbeitsblätter gibt ein Frosch in einer Sprechblase eine Arbeitsanleitung als Text und mit Symbolen. Im Arbeitsbereich finden sich die vertrauten Viererfelder, die dann mit Plättchen, Punkten oder/und Zahlen bearbeitet werden.

Die Arbeitsblätter sind farbig gestaltet, da die blau-rot-Unterscheidbarkeit bei Graustufen problematisch ist. Um Tinte - und damit Kosten - beim Ausdrucken zu sparen, achten Sie darauf, die Druckqualität in den Einstellungen Ihres Druckers zu verringern.
